

International Traffic In Arms Regulations (ITAR) Compliance Met By Data Graphics Inc.

On July 2, 2009 the United States Department of State; Bureau of Political - Military Affairs; Directorate of Defense Trade Controls (DDTC); Office of Defense Trade Controls Compliance issued a Manufacturer Registration Statement and Registrant Code to Data Graphics, Inc. thus accepting **ITAR Compliance** granted to Data Graphics, Inc.

Data Graphics, Inc., a supplier of Nameplates, Overlays, Panels and Decals located in Central Florida, takes great pride in providing these products that comply with **ITAR Compliance** controls.

ITAR Compliance is required by any person who engages in the United States in the business of either manufacturing or exporting defense articles or furnishing defense services.

“All manufacturers, exporters, and brokers of defense articles, defense services, or related technical data, as defined on the United States Munitions List (Part 121 of the ITAR) , are required to register with DDTC. Registration is primarily a means to provide the U.S. Government with necessary information on who is involved in certain manufacturing and exporting activities. Registration does not confer any export rights or privileges, but is a precondition for the issuance of any license or other approval for export.”

Data Graphics, Inc. designs, develops and manufactures Nameplates, Overlays, Panels and Decals for all types of Defense Department equipment with strict adherence to **ITAR Compliance** controls, that are listed in the United States Munitions List (USML).

Among the many items in the USML that require manufacturing adherence to **ITAR Compliance** controls are:

- Category I: Firearms
- Category II: Artillery Projectors
- Category III: Ammunition
- Category IV: Launch Vehicles, Guided Missiles, Ballistic Missiles, Rockets, Torpedoes, Bombs and Mines
