February 3, 2020

To Our Valued Customers,

Data Graphics, Inc. is pleased to announce that after a review of our procurement and production processes, all of our manufactured products are compliant with the European Union RoHS 2011/65/EU amended with 2015/863 Directive (also known as RoHS 3), as well as EU REACH 205 SVHC including the most recent release. Additionally, Data Graphics is in compliance with Proposition 65.

Data Graphics along with our vendors have certified that all of our products do not contain, or have acceptable levels of the hazardous substances as defined by the European Union Directive which include the following:

Heavy metals and heavy metal compounds of lead (Pb), cadmium (Cd), mercury (Hg), hexavalent chromium (Cr VI), and flame retardant systems based on polybrominated biphenyls (PBB) and polybrominated diphenyl ethers (PBDE), including deca-BDE, as well as Bis phthalate, Benzyl butyl phthalate, Dibutyl phthalate, and Diisobutyl phthalate are not employed in the manufacturing of Data Graphics products.

Due to the level of our “customer specific parts,” this letter serves as the certification for everything we manufacture. We review the standards as they are updated. Our records are kept for a minimum of 10 years.

We at Data Graphics, Inc. appreciate your business and will continue to support you for years to come. Thank you again for putting your trust with us for your label needs.

Sincerely,

Brad Butterstein  
President

3800 Progress Blvd., Mount Dora, FL 32757, 800-766-7820
